EARS FOR THE MILLION!

Foo Choo's Balsam of Shark's Oil

Positively Restores the Hearing, and is the Only Absolute Cure for Deafness Known.

This Oil is abstracted from peculiar species of small White Shark, caught in the Yellow Sea, known as **GARCHARODON RONDELETHI**. Every Chinese Fisherman knows it. Its virtues as a restorative of hearing were discovered by a Buddhist Priest about the year 1450. Its virtues were so numerous and hearing so amazingly unimpaired, that the remedy was officially proclaimed over the entire Empire. The use of balsam of shark oil has for over 300 years no equal. It has achieved cures among the Chinese people. Send straight postal, by day address at \$1.00 per bottle.

HEAR WHAT THE DEAF SAY!

It has performed a miracle in my case.
I have no untidily noise in my head, and hear much better.
I have been greatly benefited.
My deafness helped a great deal—think another bottle will cure me.
My hearing is much benefited.
I have received untold benefit.
My hearing is improving.
It is giving good satisfaction.
Have been greatly benefited, and am rejoiced that I saw the notice of it.

"Its virtues are **UNQUESTIONABLE** and its **CURATIVE CHARACTER ABSOLUTE**, as the writer can personally testify, both from experience and observation. Write at once to **HAYLOCK & JENNEY, 7 Day Street, New York**, enclosing \$1.00, and you will receive by return a remedy that will enable you to hear like anybody else, and whose curative effects will be permanent. You will never regret doing so."—**KIRKUS OF MARCATELE REVIEW.**

THE MOST
PERFECT
SUBSTITUTE
FOR
MOTHER'S
MILK.

The Highest amount of Nourishment in the Most Digestible
and Convenient Form.

THE ONLY FOOD SPECIALLY PREPARED FOR INFANTS.

"The Adult CANNOT thrive on the Milk provided for the Infant,
while the food adapted for Adults MUST be too strong for Babies."

Abounding in FLESH-FORMING and BONE-FORMING
substances, this Food perfectly fulfils its object, whereas other
so-called Foods, such as Corn Flours, being entirely devoid of
nourishing properties, induce a rickety and idiotic condition. It
is also carefully freed from the ground husks of the wheat, which
cause irritation of the bowels, diarrhoea, &c.

CAUTION.—A Genuine Food should not contain an excess of
sugar, nor be too palpably sweet. Such Foods may be palatable,
but they are also pernicious. For this reason so-called Milk Foods,
Condensed Milks, &c., are prejudicial to the health of Infants, from
the large proportion of beet sugar they contain, rendering them
utterly unlike the article they are supposed to represent, viz.,
MOTHER'S MILK.

Dr. Dobell on Loss of Weight, Lung Disease, &c.

PANCREATIC EMULSION of Solid Fat "supplies the system with what it most wants, a large amount of nourishment with the least amount of digestive labour and in a form most easily assimilated."

PANCREATIC EMULSION has been in extensive use for the last 20 years at the ROYAL HOSPITAL for DISEASES of the CHEST, LONDON, and also at many similar Public Institutions in London and the Country, as well as in private practice in all parts of the world.

"From 1863 to 1872, at the ROYAL HOSPITAL alone, I prescribed the Emulsion in more than 6,000 cases. Happily, to my own experience may now be added that of thousands of my professional brethren in different parts of the world, by whom PANCREATIC EMULSION and Pancreature are daily prescribed and from whom I constantly receive testimony of their value."—DR. DOBELL, *Senior Physician, Royal Hospital, &c.*

"If we are to give a fair chance of recovery to a patient deprived of the natural powers of digesting and assimilating fats, we must secure that two ounces of *solid fat* are utilized every day for the purposes of nutrition."—*The Chemist and Druggist.*

"The importance of PANCREATIC EMULSION of *solid fat* over Cod Liver Oil in the treatment of consumption must be as great as that of supplying a plant with good soil instead of putting it into water."—DR. KINKEAD, *Lic. Univ. Dublin.*

"We have lately seen a young lady who has been taking PANCREATIC EMULSION for months, and while doing so she has been changed from a thin, nervous, desponding creature, into a plump, tolerably robust and cheerful woman."—*Dublin Quarterly Journal of Medical Science.*

"Considering how largely PANCREATIC EMULSION is now used in the wasting diseases of adults, it is not surprising that scarcely a week passes but general practitioners relate cases of its success in the wasting of delicate children. Certainly, of all the satisfactory effects of PANCREATIC EMULSION, none equal the almost magical recoveries of some of these children."—*The Practitioner, London.*

5. None of the contrivances for taking or killing the wild fowl known as swans, geese or ducks, which are described as batteries, sunken punts or night lights, shall be used at any time.

6. It shall not be lawful for any person to kill or take any animal by the use of poison or poisonous substances, nor to expose poison, poisoned bait, or other poisonous substances, in any place or locality where dogs or cattle may have access to the same.

7. And whereas fur-bearing animals should be protected during the seasons when their skins are of little value, it is enacted that no beaver, musk-rat, mink, sable, marten, racoon, otter or fisher, shall be hunted, taken, killed or had in the possession of any person between the first day of May and the first day of November, nor shall any traps, snares, gins or other contrivances be set for them during such period; nor shall any musk-rat house be destroyed at any time; and any such traps, snares, gins or other contrivances so set may be destroyed by any person, without such person thereby incurring any liability therefor; but this section shall not apply to any person destroying any of the said animals in defence or preservation of his property.

8. Offences against this act shall be punished, upon summary conviction on information or complaint before a justice of the peace, as follows, with costs:—

1. In the case of deer, elk, moose, reindeer or cariboo, by a fine not exceeding fifty dollars nor less than ten dollars for each animal.

2. In the case of birds or eggs, by a fine not exceeding twenty-five dollars nor less than five dollars for each bird or egg.

4. In the case of other breaches of this act, by a fine not exceeding twenty-five dollars nor less than five dollars.

10. In all cases confiscation of the game shall follow conviction; and the game so confiscated shall be given to some charitable institution or purpose, at the discretion of the convicting justice.

11. In order to encourage persons who have heretofore imported or hereafter import different kinds of game with a desire to breed and preserve the same on their own lands, it is enacted that it shall not be lawful to hunt, shoot, kill or destroy any such game without the consent of the owner of the property, wherever the same may have been bred.

PROVINCE OF QUEBEC.

1. The hunting or taking of moose before the first of September in the year one thousand eight hundred and eighty-three is forbidden, and after the expiration of that period, between the first day of February and the first day of September in every subsequent year; the hunting, taking or killing of elk, cariboo, deer or their fawn, is also prohibited between the first day of February and the first day of September in each year.

2. It is forbidden to hunt or trap :—

2. Any hare, between the first day of March and the first day of November in each year;

3. Any musk-rat, between the first day of June in each year and the first of April following, in the districts of Quebec, Saguenay, Chicoutimi, Montmagny, Kamouraska, Rimouski and Gaspé, and between the first day of May in each year and the first day of April following in the remainder of the Province.

3. It is also forbidden :—

1. To hunt or take :—

a. Any partridge, between the first day of January and the fifteenth of September in each year;

b. Any grouse, ptarmigan, woodcock, snipe or sand-lark, between the first day of February and the first day of September in each year;

c. Any wild swan, wild goose, Canada goose, or wild duck of any kind, widgeon or teal, between the fifteenth day of April and the first day of September in each year;

d. Any of the birds mentioned in paragraphs *b* and *c* of this section, at any time between one hour after sunset and one hour before sunrise.

2. To disturb, injure or gather or take, at any time, the eggs of any species of wild fowl mentioned in this section; and all vessels or boats employed in disturbing, gathering or taking the eggs of any species of wild fowl, may, as well as the eggs, be confiscated and sold.

Nevertheless, in that portion of the Province to the east and north of the Counties of Montmorency and Montmagny, the inhabitants may at any time, and only for the purpose of procuring food, shoot or take the birds mentioned in paragraph *c* of this section.

4. It is forbidden to take, at any time, by means of ropes, snares, springs, cages, nets, pits or traps of any kind, any of the animals or birds mentioned in sections 1 and 3, except partridges; and to place, construct, erect or set, either wholly or in part, any engine for such purpose, and any person finding any engine so placed, constructed, erected or set, may take possession of or destroy the same.

5. It is forbidden, between the first day of March and the first day of September in any year, to shoot, kill, or take with the intention of killing, by means of nets, traps, springs, snares, cages or otherwise, any barn swallow, bank swallow, martin or chimney swallow, king-bird, warbler, flycatcher, woodpecker, whip-poor-will, song-sparrow, titmouse, goldfinch, grive, cow-bunting, bobolink (*dolichonia orizivorus*), sparrow, jay, grackle, grosbeak, and all other species of birds with respect to which no provision has been made in any of the preceding sections, or to take their nests or eggs, except eagles, falcons, hawks and other birds of the eagle kind, wild pigeons, fishers, crows and ravens, waxwings (*recollets*), and the great northern shrike (*collyris borealis*).

This section does not, however, apply to the birds commonly known as poultry.

6. It is forbidden to take or kill migratory quail up to the thirty-first of December one thousand eight hundred and eighty-four.

7. It is forbidden at all times to use or employ strychnine or other deleterious poison, either mineral or vegetable, or any spring gun, to hunt, take or destroy any animal whatever.

8. Every game-keeper under the control of the commissioner of crown lands shall forthwith seize all animals or birds mentioned in the preceding sections (except section 5), or any portion of such animals or birds, found by him in the possession or custody of any person during any forbidden period, and which appear to him to have been taken or killed during such period or by any of the illegal means set forth in sections 4 and 7 of this act, and bring them before any justice of the peace, who shall declare them confiscated either in whole or in part.

All animals or birds, or portions of animals or birds, so confiscated belong to the game-keeper.

9. It is forbidden to have in one's possession, custody or care, any animal or bird already mentioned (except those with respect to which provision is otherwise made in section 5 of this act), or any part of such animal or bird, with the exception of the skin, during the period in which the act of killing the same is prohibited by this act, or which appears to have been taken or killed by any of the means forbidden by this act; but every such animal or bird, or any portion or portions thereof, may be bought or sold, when lawfully taken, during five days to be computed from the expiration of the various periods respectively fixed by this act for the taking or killing thereof.

10. Every game-keeper under the control of the commissioner of crown lands may cause to be opened or may himself open, in case of refusal, any bag, parcel, chest, box, trunk or other receptacle (outside the limits mentioned in the following section), in which he has reason to believe that game killed or taken during the close season, or peltries out of season, are hidden.

11. Every game-keeper appointed by the commissioner of crown lands, if he has reason to suspect and if he suspects that game taken or killed during the close season, or peltries out of season, are contained or kept in any private house, store, shed or other building, shall make a deposition before a justice of the peace in the form A annexed to this act, and demand a search-warrant to search such store, private house, shed or other building, and thereupon such justice of the peace is bound to issue a warrant according to form B.

12. Every infringement of any of the provisions of this act is punishable by fine, to be recovered summarily on information or only on a writ of summons issued by a justice of the peace.

The fines are as follows:—

For every infringement of

Section 1.....	\$ 5 to \$20
Sections 2 and 3.....	5 to 15
Section 4.....	2 to 10
Sections 5 and 6.....	2 to 6
Section 7.....	25 to 50
Section 9.....	5 to 20
Section 17 (double the fee for the game license).	
Section 19.....	5 to 10

Such justice of the peace shall, if he finds the proof sufficient, impose the fine with costs, which fine wholly belongs to the prosecutor if he be a game-keeper, and one-half only if he does not act in an official capacity; in the latter case the other half is paid over to the game-keeper appointed for the division by the commissioner of crown lands, to be by him forwarded to the crown lands department.

In default of immediate payment the offender is imprisoned in the common gaol of the district within the limits of which the offence was committed, for any period of time not exceeding three months; and in cases of infringement of section seven, for a period not exceeding six months.

Every justice of the peace has power to convict on view.

Prosecutions are at the risk and costs of the complainant.

13. Suits brought in virtue of this act need not be begun by deposition or information or oath of the plaintiff or complainant, provided that the purport of the complaint or demand is sufficiently set forth in the writ, or in a declaration annexed thereto.

The evidence of the complainant alone, or of any one witness, is sufficient to justify a conviction.

14. No proceeding under this act shall be quashed, annulled or set aside by *certiorari*; but an appeal may be brought before the circuit court of the district in which the offence took place, in the same manner as appeals under the municipal code,

Syrup of Pine Tar & Spruce Gum !

The proprietors have great pleasure in introducing this invaluable remedy to the public. It is a *bona fide* SYRUP OF CANADIAN PINE TAR AND SPRUCE GUM, the component elements of which have been combined in a SOOTHING AND HEALING SYRUP by a process now for the first time discovered.

Its action is EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC and DIURETIC, thus rendering it a specific at once safe and effective in all diseases of the THROAT AND LUNGS.

THE CURATIVE PROPERTIES of the gums of the *conifera* or *cone-bearing* trees of our Canadian forests, have been long known. The Indians were familiar with the virtues of these balsamic exudations before the discovery of the country by Europeans, and the early settlers learned from them the use of PINE, SPRUCE and kindred gums for THE CURE OF THROAT and PULMONARY AFFECTIONS. The component elements of this remedy and mode of preparing it have been examined by prominent members of the Medical Faculty, and they have given it their most unqualified and unprejudiced approval. Want of space alone prevents us from giving some of the many testimonials every day received, attesting its virtues and the wonderful cures effected by it. Manufactured by

15. No prosecution shall be brought after six calendar months from the day of the committing of the offence charged.

16. The commissioner of crown lands has the power of appointing officers to see to the observance of this act and of any other act which may hereafter be passed relating to game in this Province.

17. In future no person who has no domicile in the Province of Quebec can at any time hunt within the meaning of this act without being authorized thereto by a license to that effect.

18. Such permit may, upon payment of a fee of twenty dollars, be granted by the commissioner of crown lands to any person not domiciled in the Province who applies to him therefor, and shall be valid for the whole of one season's shooting. It must be countersigned by the game superintendent.

19. The commissioner of crown lands may grant written permits according to form D to any person or persons who may be desirous of obtaining birds, eggs or fur-bearing animals, for *bona fide* scientific purposes, to procure them during the close season, and such permits shall be countersigned by the game superintendent; and the person who shall have obtained such permit shall not be liable to any penalty under this act, provided he sends in, within two months from the date at which he acted under such permit, a statement showing the species and number of the game or fur-bearing animals he so procured for scientific purposes.

20. Every wood-ranger appointed by the commissioner of crown lands is, while in office as such, *ex-officio* game-keeper for the division under his superintendence, and he is not entitled to any additional salary for such services.

21. The commissioner of crown lands may also appoint as game-keepers any other persons besides the wood-rangers, and assign to them such territory or division as he may think proper under the circumstances.

22. Every game-keeper shall, during the last days of the month, forward to the crown lands department a report of his proceedings during the month, and of the infringements of the law which have come to his knowledge during the same period.
